The island of Saba rises majestically from her clear azure waters, stretching her summit to caress the clouds. She is like no other Caribbean destination. Untouched by the quickening pace of the modern world, an island caught within a moment, and the moment within which she's captured you ask? The old Caribbean; safe, friendly and charming with exquisite natural beauty both above and below her waterline.

The superb location of Juliana's Hotel makes it a perfect launch point for discovering some of Caribbean's best kept secrets. Situated on the South of Windward Side provides an excellent view of the mountains and the sea. Saba has a marine protected area around the whole island. That means that fishing and tourism is regulated. The sea life and the coral is therefore in great shape, abundant & thriving!

Saba's volcanic origins have blessed her waters with spectacular formations and structural diversity, therefore scuba diving is a breathtaking experience in Saba. With 30+ dive sites, it is known for its underwater paradise consisting of coral reefs and sponge formations with thousands of colorful tropical fish.
